

## **CVLGC Spring Meeting March 2, 2022**

Toni Coleman (president) opened the meeting welcoming everyone. Sixteen members were present. Pam Crawford was introduced as a new member.

Toni then introduced the CVLGC Executive Board for 2022: herself as president, vice president Elaine Hartmann, treasurer Bette Niemi, Barb Dames (not present), and past presidents Joan Burks and Chris Davidson.

CV pro Patrick Vadden also welcomed everyone. He instructed our group that Sunday night was the deadline for signing up for league play on the following Wednesday. Ladies calling after Sunday night will be put on a wait list.

Patrick then reviewed the proper procedures for where to drop a ball after it is hit into the creek on hole no. 8. [A] If your ball is hit into the creek from the left side (no. 8 fairway), you are allowed two club lengths (no closer to the hole) to drop your ball. [B] If the ball is hit directly into the creek, you have the option of either dropping your ball directly behind where it entered the creek or dropping your ball in the drop zone designated to the right of the cart path just passed the creek. [C] If your ball enters the creek from the right side (no. 6 fairway side), you may either move your ball directly back from the creek for your drop or drop your ball in the drop zone designated to the right of the cart path just passed the creek. With all options there is a one stroke penalty.

A question was received about the placement of the red tees in relation to the pink tees. Patrick and the Executive Board both said that they were aware of the issue. A protocol will need to be set up to ensure the pink tees receive their due advantage. A request was made that the pink tees be mowed more frequently and Patrick said he would try to work something out.

The Fall Meeting Minutes from October 13, 2021, were approved as submitted by the group.

Bette Niemi reported that \$232 was carried forward from last year. She will work up a budget once she has received all of the membership applications for this year.

Winter rules (you can play your ball up in the rough and remove balls from sand traps) will be played through April. After April the only time winter rules will apply will be when the course or some of the holes are CPO. Patrick has the final call on winter rules.

The league will be playing out of the bunkers this year. Patrick reported that the bunkers have been worked on and filled with fresh sand.

The question of food for the yearend scramble was brought up. Toni will check with Patrick.

The group was reminded to sign up for the following week when they pay for their current round.

The first group out each week should be sure the flight clipboards are out, as well as the closest to the pin pot.

A signup sheet was circulated for volunteers who will ensure the weekly game winners are posted in the money book and that Bette Niemi is notified of who won that week.

Kathi McKeown volunteered to take over ringer cards and the birdies/chip-ins end-of-year duties from Sandra Hartmann.

Bev Frazier volunteered to take care of notices when someone is ill or there has been a death in the family. Toni noted that people will need to let her and/or Bev know when the league needs to act.

This year's schedule:

April 6 – start of league

May 11 – interclub at CV

June 27 & 28 – Jeff County Ladies Tournament (Joan Burks will be CV representative)

August 3 (tee times) & August 10 (shotgun) – CV club championship

October 12 – yearend scramble

A pink flight will be added this year if membership numbers can justify the additional flight.

Split the Pots will be done the second Wednesday of each month. Each ticket will be \$1 or you can get 7 tickets for \$5. The additional money will go towards the yearend scramble.

Minutes recorded by:

Elaine Hartmann, Vice President
